- LED power switch
- Cable storage
- Water level indication
- Detachable filter holder
- Dishwasher-proof parts for easy cleaning

PHILIPS

Coffee maker
With glass jug Aroma Swirl with timer, Black

RI7567/21

Highlights

Aroma Swirl

The Aroma Swirl is the smart nozzle inside the jug of this Philips coffee machine. The Aroma Swirl mixes the inflowing coffee evenly with the coffee inside the jug for an optimal and consistent aroma.

Pre-settable timer

The Philips coffeemaker has an integrated timer. Simply prepare your coffee machine, set the time and wake-up to the smell of freshly brewed coffee.

Direct auto shut-off

After brewing your filter coffee, the Philips coffeemaker switches off automatically. The thermal jug will ensure that the coffee stays warm for a long time.

Drip stop

Drip stop to interrupt coffee brewing whenever you want to pour a cup of coffee

Protective buffer ring

The buffer ring around the Philips aroma jug adds a protective layer around the glass and will improve its stability.

Water level indication

The coffee machine's water level indication allows for easy filling of the water tank.

Cord storage

Storing the cable under the coffeemaker will avoid cable clutter for a clean kitchen work top.

Specifications
